## A KITCHEN RANGE THAT'S MADE FOR YOU

Welcome to the English Rose brochure. I'm really excited to introduce their latest range of stunning, flexibly designed kitchens, and give you a quick outline of the useful information you'll find across these pages.

One of the main things to think about when choosing a kitchen is how you and your family will use the space. You want the design to complement your lifestyle as well as your tastes. I'll be popping up now and then with a few suggestions to help you plan a kitchen that works for you.

And if it's inspiration you're after, you'll find loads of ideas from the latest colour schemes, finishes and textures to must-have design features, ingenious storage solutions and those all-important finishing touches.

If the whole thing seems a little daunting, don't worry. On page 6 you'll find a handy step-by-step guide to buying a kitchen to help make the process easier and give you more confidence in the choices you make.

With an amazing range of styles, options and accessories, I'm certain you'll find an English Rose Kitchen that suits you and your way of living. So take your time, enjoy the brochure and have fun planning your dream kitchen.

**George Clarke**  
Architect, Writer, Lecturer and TV Presenter.

## DESIGNED FOR LIVING

At English Rose we do more than just make beautiful kitchens, we create beautifully practical spaces that serve as the perfect focal point for the modern British home. The kitchen is no longer just a room for cooking in, it's a multi-functional space that can be used and enjoyed by the whole family.

All of our English Rose Kitchens are designed with modern life in mind, helping to restore a sense of calm, reflecting your personality and transforming the way you live.

Because every family is unique, there's no such thing as a typical English Rose Kitchen. In this brochure you'll find an extensive range of styles, from traditional to modern to everything in-between. What's more, we've made sure every kitchen has the flexibility to be customised to suit your own particular tastes.

You'll find an inspirational choice of colours, finishes, worktops, sinks, taps and accessories that allow you to create a kitchen that's as individual as you are. And because we insist on using only the best quality materials and craftsmanship, you can be sure that whichever kitchen you choose, it will look beautiful for many years to come.

## A VERY BRITISH KITCHEN

At English Rose we're very proud of our British heritage, not to mention our reputation for designing and manufacturing an outstanding range of durable, high-quality kitchens. All of which are made using the latest manufacturing techniques at our modern, purpose-built factory in Yorkshire.

But being British isn't just about geography. It's about having a forward-thinking attitude and a natural flair for ingenuity. Good British design has always set the trends and pushed the boundaries, which is something we strive to do with every kitchen we create.

Wherever we can, we use British components in our English Rose Kitchens. But to help ensure we maintain the highest possible standards, we also source materials from around the world. These are then combined and assembled in the UK to produce a superior quality kitchen, backed by unrivalled customer service.

# THE RIGHT WAY TO BUY A KITCHEN

The modern-day British kitchen is by far the busiest and most regularly used room in the home. With so many functions performed in it every day, proper planning and great design is essential.

The kind of space you have available, and how your family move around it will play a huge part in the overall design of your kitchen. You want it to look beautiful, but also work beautifully, to complement your way of living.

So take your time to browse the full range of English Rose Kitchens in this brochure, then follow these five simple steps to help you make the right choices.

STEP 1:  
**IT'S ALL IN THE PLANNING**

Getting a kitchen that's perfect for you and your family's needs takes time and plenty of planning, so don't try to rush this stage. Before you talk to any experts, give yourself time to sit down and think about how you would like to use the space.

Ask yourself: what would be my ideal layout? Who's going to use it? How much storage do I need? What appliances do I want? What colours and textures do I like? Do I want an island unit and can the space take it?

Measure the dimensions, including where the doors, windows and services are located and make a list of exactly what you want and need.

STEP 2:  
**ADD SOME EXPERTISE**

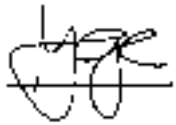

Once you have the measurements and a rough outline of what you want, it's time to visit your local English Rose retailer to chat through your ideas with a designer.

They'll have the experience and design expertise to advise you on what will work and what won't, and will be able to turn your initial thoughts into something that not only reflects your personality, but supports and enhances your individual lifestyle.

“Before you talk to a designer, think about how you and your family will use the space and give yourself enough time to make the right decisions. Start by measuring the dimensions of the room and have a go at roughly planning out what would work best for you.”

**George Clarke**  
Architect, Writer, Lecturer and TV Presenter.

STEP 3:  
**DECIDE ON THE DOORS**

Nothing defines a kitchen more than the doors. Depending on the design, you can create something elegant, rustic, eye-catching, minimalist or luxurious.

An English Rose Kitchen has dozens of traditional, shaker and modern styles available, in a range of gloss, wood effect, timber and painted finishes. All of which can be customised with an extensive range of handles. Or you can choose to go handle-less if you want a truly modern look.

STEP 4:  
**LET'S TALK STORAGE**

You should have already thought carefully about your storage. Not just what you need now, but also in the future. By using your available space efficiently, it's surprising just how much extra storage you can create.

English Rose units are available with all kinds of ingenious storage solutions such as the designer 'LeMans' corner unit, pull-out larders and internal drawers.

You'll find the full range of functional accessories, including lighting and shelving, from page 146.

STEP 5:  
**WORK OUT YOUR WORKTOPS**

Choosing a worktop is an important part of the design process and can change the whole look and feel of your kitchen. So it has to be right.

That's why English Rose offer a huge range of durable laminate worktops from Duropal, one of the UK's leading suppliers. They're available in a wide choice of colours and styles, and in 40mm and 60mm thicknesses.

There's also a unique range of curved worktops, designed specifically to suit our collection of curved base units.

## MORE REASONS TO CHOOSE ENGLISH ROSE

### THE ENGLISH ROSE 10-YEAR GUARANTEE

All English Rose Kitchens come with a 10-year guarantee to give you complete peace of mind when purchasing. It guarantees that for a period of 10 years from the date of purchase, your kitchen cabinets and fascias manufactured by Omega PLC are free from defects in material and workmanship.

Please ask your English Rose retailer for more details.

### THE ENGLISH ROSE DEPOSIT GUARANTEE SCHEME

English Rose Kitchens' Deposit Guarantee Scheme offers you peace of mind and certainty when you purchase an English Rose Kitchen from any of our approved English Rose Kitchens retailers.

Should the retailer cease to trade before we have delivered your kitchen, we guarantee to supply your English Rose Kitchen furniture at the current manufacturer's recommended retail price, less the deposit paid, provided that the amount paid to the retailer does not exceed 50% of the manufacturer's recommended retail price.

### ONLINE INSPIRATION

If you're looking for even more inspiration, look no further than the English Rose website [www.erkitchens.co.uk](http://www.erkitchens.co.uk). Here you'll find a great range of features to help you find and plan out the perfect kitchen for you.

As well as being able to browse the catalogue and an image gallery of every individual kitchen and accessory, our blog and inspiration pages are full of helpful, expert advice to help you make decisions that will work for your space.

You'll find an easy-to-use kitchen visualiser too, which allows you to try different combinations of painted kitchens along with a selection of handles, worktops, flooring and wall colours.

### DESIGNED FOR YOU AND YOUR WORLD

Here at English Rose, it's not just the kitchen environment we care about. We're also committed to making our planet a cleaner, more beautiful place too. So naturally, sustainability is something that's very important to us. From the wood we use, to the energy we consume, to our transport and logistics, we take great care to ensure we're being environmentally responsible at all times.

We also like to make products that last. We believe that this is just as important for protecting the world's limited resources. To that end, English Rose Kitchens have been awarded FSC® Chain of Custody Certification, giving you the peace of mind that the materials used to make your kitchen have been sourced from responsibly managed forests.

We hope you enjoy this English Rose brochure. When you've finished with it please pass it on to a friend or recycle it. Thank you.

# COOL, CLEAN AND CLUTTER-FREE

Modern life is complicated enough. That’s why the kitchens in our Modern range are designed to restore a sense of order and harmony in the heart of your home.

Keeping things clean and simple however, doesn’t mean compromising on character. In fact, there are designs within our Modern range that are impossible to ignore; statement kitchens that show, without a shadow of doubt, that less can be more.

Featuring sleek lines, handle-less doors, on-trend colours and contemporary textures and finishes, a Modern kitchen from English Rose is the ultimate expression of minimalist style.

“With subtle styling and ingenious storage solutions, a Modern English Rose Kitchen helps you de-clutter your life and create a sanctuary away from the hustle and bustle.”

English Rose

## A LITTLE INSPIRATION

Choosing an English Rose Modern Kitchen is only part of the fun. Here's a few suggestions to help you enhance and personalise your design.

### USE YOUR SPACE WISELY

If space is at a premium in your kitchen, or you have more cookware, utensils and accessories than you know what to do with, it's time to get smarter with your storage. Space-saving solutions such as pull-out larders, corner storage units and bi-fold cupboard doors can all help you make the most of your available space, cut down on worktop clutter and keep that clean, contemporary look.

A.

B.

C.

### BRINGING THE LOOK TO LIFE

A selection of stylish and strategically placed kitchen accessories, such as vibrantly coloured stacking bowls, hand-made glassware or a designer coffee machine can make a real statement and transform the whole look of your kitchen. And the wonderful thing is, you only need to invest in a few standout pieces to inject some of your own personality into the space and bring your design to life.

D.

### MAGIC METALLICS

If you want to add a little contemporary glamour to your kitchen, a few carefully chosen gold, bronze or copper accessories can look fabulous – especially when positioned against darker tones such as charcoal grey or midnight blue. The look is very current too, so you'll have no difficulty tracking down some stunning metallic pieces such as vases, light shades, wall clocks and cookware.

# SO MANY WAYS TO **MAKE IT** **YOURS**

There's a reason the Shaker kitchen continues to be so popular in Britain: its iconic framed door is incredibly versatile and can fit seamlessly into any shape, size or style of home.

And with an English Rose Shaker Kitchen, there's no shortage of stunning design options to choose from. Natural woodgrains, painted woodgrains, smooth painted finishes, high-gloss finishes, and that's just the doors.

There's also an inspirational range of worktops, handles and design features to let you personalise the look and create a kitchen that suits your own individual style.

“From timeless and traditional to cool and contemporary, the Shaker range from English Rose gives you the opportunity to create something that's uniquely you.”

## A LITTLE INSPIRATION

Choosing an English Rose Shaker Kitchen is only part of the fun. Here's a few suggestions to help you enhance and personalise your design.

### AHEAD OF THE CURVE

Cutting corners isn't always a bad thing. In fact, when you're planning out a kitchen, it can be a beautiful thing. Having a few curves in the right places can create a very elegant and contemporary look. And on a purely practical level, curvaceous cupboards and worktops can also help free up some valuable space in your kitchen and make it that little bit easier to move around.

A.

B.

C.

### THE ART OF KITCHEN DESIGN

Who says you can't hang big and bold artwork in your kitchen? It's a fantastic way to add atmosphere and individuality to the room. Colourful food and drink-related prints work really well and there are thousands of stunning designs out there to choose from. Or why not be really brave and choose something a little more avant-garde? It's sure to get your guests talking.

**WHERE TO BUY:** A. Home Candy Welcome to the Zoo Print £45 / B. Amara Pop Chart Lab - The Cartography of Kitchenware Print £24 / C. Amara Pop Chart Lab - The Cocktail Chart of Film & Literature Print £20 / D. Furniture Village Eco Dining Set £1,435

### SITTING PRETTY

When getting together with family and friends to enjoy good times and good food, there's no better place to do it than around the kitchen table. As the true heart of the British home, it's worth investing some additional time and money to find a table and set of chairs that will complement your kitchen design beautifully and create a stylish and welcoming focal point.

D.

A warm and welcoming kitchen with a classic country feel, stunning Shaker-style doors and a beautiful buttermilk finish.

# KITCHENS WITH NATURAL CHARM

There are so many reasons to fall for one of our Traditional-style kitchens: the decorative doors, the elegant design features, the palette of naturally beautiful paint shades.

Then there's the finishing touches we offer: the cast iron handles, the Belfast sinks, the corning, pelmets and pilasters, the list goes on.

But the range's appeal isn't just about timeless design and characterful detail, all of the kitchens in our Traditional range are also perfectly equipped for the modern world. Each offering cutting-edge storage solutions to make them as practical as they are beautiful.

“Traditional doesn't have to mean old-fashioned, especially with an English Rose Kitchen. There are so many bold and exciting designs to choose from.”

# A LITTLE INSPIRATION

Choosing an English Rose Traditional Kitchen is only part of the fun. Here's a few suggestions to help you enhance and personalise your design.

## TONING THINGS DOWN

If you think neutral colours are dull and boring, think again. Working with a subtler, more understated colour palette allows you to introduce a variety of different textural elements into your kitchen design. Coarse woodgrains, chunky weave fabrics, wicker baskets and textured tiles can all help to create a calming and luxurious, layered look.

## COUNTRY MEETS CONTEMPORARY

Choose a modern-day, country-style kitchen and you can enjoy the best of both worlds. You get all the charm and rustic character of a traditional design, but with the very latest storage innovations, manufacturing techniques and lighting schemes. And with so many vintage-style accessories and design features available these days, it's really easy to create a timeless and authentic look.

## COSY CORNERS

If you're going to create a beautiful and charming traditional kitchen, it's a real shame if you only ever use the room for cooking or dining. If you have the space, it's worth thinking about incorporating a warm and cosy snug area into the design where you and your family can just sit and relax, put your feet up or enjoy a nice cup of freshly made coffee. Think upholstered bench seats, fluffy throws, oversized cushions and low, luxurious armchairs.

A beautifully designed, painted woodgrain-effect kitchen with traditional in-frame doors and a choice of 11 natural shades.

## LET YOUR COLOURS SHOW

Choose from our palette of natural, elegant shades to add a splash of individuality and create the perfect look.

## IN-FRAME IVORY

An elegant, ivory woodgrain-effect kitchen with beautiful in-frame doors.

For more options and accessories, see our customise your choice section from page 126.

## DALES OAK

A timeless, rustic-style kitchen with beautiful solid knotty oak frames and traditional square-framed doors.

For more options and accessories, see our customise your choice section from page 126.

TRADITIONAL

## NEW ENGLAND BUTTERMILK

A striking, hand-finished farmhouse kitchen with traditional square-framed doors. Shown here in a soft distressed buttermilk finish.

For more options and accessories, see our customise your choice section from page 126.

TRADITIONAL

# CUSTOMISE YOUR CHOICE

Once you’ve chosen which kitchen style suits you best, it’s time to get personal. Do you want a natural or painted finish? Straight or curved worktops? Handles or handle-less doors? These choices are what make your kitchen completely unique and perfectly suited to you.

You’ll find dozens of design options over the following pages and discover just how adaptable English Rose Kitchens are. From ingenious storage solutions and stunning design features, to finer details like handles, lighting, sinks and taps. Everything you need to make it your own.

“Here’s where the fun really starts. Choosing design options and adding accessories will give your English Rose Kitchen a personality of its own. Don’t be afraid to combine and contrast shades and textures, mixing things up a little is a great way to break up the space and bring your kitchen to life.”

# ABOUT GEORGE

George Clarke is an accomplished and passionate architect as well as Creative Director of the architectural practice, George Clarke + Partners. In addition, he's a writer, lecturer and TV presenter.

As the presenter of several very successful TV series, including Channel 4's **Restoration Man** and **George Clarke's Amazing Spaces**, his expert opinion has made him the voice of reason on all things property related. He is also the best selling author of *The Home Bible*.

George was born and raised in Sunderland and from the age of 12 instinctively knew he wanted to be an architect. After studying architecture at Newcastle University and University College London, it was inevitable he'd start his own practice.

George's design talent and fanaticism for beautiful buildings has transformed the homes and everyday lives of so many people across Britain. His aim is to make architecture popular and accessible to everyone, while at the same time creating award-winning spaces for his clients.

As part of our commitment to helping you get the kitchen you've always wanted, we asked George to share his expertise and offer a few suggestions on how to achieve the perfect kitchen for you. To view the videos, visit [erkitchens.co.uk](http://erkitchens.co.uk).

# CHOOSE YOUR DOORS

Your choice of door can dictate a lot about the character of your kitchen. From elegant and traditional styles to slick, contemporary options, there is a door to suit every taste and every home.

# LET YOUR COLOURS SHOW

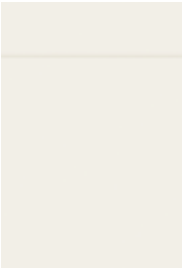

## AN OPEN INVITATION TO EXPRESS YOUR PERSONAL STYLE

A selection of English Rose Kitchens are available in a range of 11 fashionable and contemporary colours.

Opaco, Shaker, Classic, Fusion, Davenport, In-Frame, Richmond, Shaker Wood, Heritage and Country kitchens can all be supplied in these elegant shades, designed to work well on their own or combined with other colours and textures.

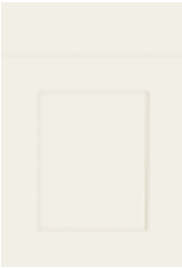

The colours shown in this brochure are as accurate as the printing process allows and therefore we strongly recommend that you contact your English Rose retailer to view a display or door sample before placing your order.

### RECOMMENDED CABINET COLOURS

English Rose painted kitchens can be supplied on all 11 cabinet colours, however, please note that Knotty Oak or Walnut are not available for curved units.

If your design includes curved corner base and wall units, please ensure you only specify Lissa Oak, Platinum White or Matt Ivory.

Open units are also available in a choice of 11 painted colours.

# PERSONAL TOUCHES

## CHOOSE FROM OUR DISTINCTIVE HANDLE OPTIONS

We have a wide range of handle suites available to help personalise your English Rose Kitchen. Not all handle suites are suitable for each kitchen. Most handle suites are supplied at no extra charge, however, a small number do carry a surcharge and your English Rose retailer will be happy to advise you on suitability and costs.

Please note that a handle suite may comprise up to three handles which are fitted to drawers, doors and spice boxes where applicable.

# HANDLE-LESS KITCHENS

If you're looking for a minimalist kitchen, perhaps a kitchen that doesn't feature handles that can detract from clean lines and a sleek design, then English Rose has two ways to achieve this – Contact and Fusion.

## ENGLISH ROSE CONTACT KITCHENS

The principle of Contact is that wherever possible, doors and flaps are opened simply by touch which will activate the opening mechanism. (Please note that certain appliance doors, pull-out units, magic corner units, etc are not available with this touch open system.)

In the same way, Contact drawers and pan drawers are opened by simply pressing on the drawer to activate the spring-open runners. (Please note that certain drawers used on pull-out units are not available with spring-open drawer runners. Internal drawers are not available with spring-open runners.)

English Rose Contact is available on all Contemporary, Zest, Opaco and Logica doors and is also available in Walnut Gloss and White Satin.

## ENGLISH ROSE FUSION KITCHENS

Fusion kitchens are the alternative way to design an English Rose Kitchen without a handle. This style features an integrated J-Pull style handle grip (called J-Pull due to its shape).

The integrated grip of Fusion has been specifically developed to be deeper than other versions, providing more grip and ensuring that opening dishwasher and larder doors is easier.

Fusion kitchens are available in six gloss finishes (White, Ivory, Grey, Light Grey, Cashmere and Anthracite) as well as 11 matt painted colours.

# CREATIVE SPACE

Add innovative design features to your kitchen and increase space and function.

## ISLAND UNIT

An island unit adds extra surface space and character to your kitchen. There's a wide range of units available in the English Rose collection, some incorporating traditional features such as decorative pilasters and other more modern designs utilising different heights.

## SEATING AREA

Add versatility to your kitchen with a casual seating area providing useful additional storage space.

## WORKING MANTEL

Usually a feature of traditional kitchen designs, mantels make practical and attractive additions to your space and are available in a variety of veneered and painted finishes.

## LARGER UNITS WITH OAK DRAWERS

There's a great range of larder and pantry unit options to complement your kitchen, available in varying heights and styles.

## CURVED CORNER UNIT

The alternative to the more standard L shape corner base unit, the curved version, with its sweeping lines, can suit both modern or traditionally-themed kitchens. They partner perfectly with our range of curved laminate worktops and are available in a selection of kitchens.

Opaco, Richmond, Fusion, Classic, Heritage, Shaker Wood Painted, Shaker Lissa Oak Wood, Logica and White Satin.

\*please note that the curved unit used for Fusion ranges is supplied with two doors.

## WICKER BASKETS

More suited to traditional kitchen designs, these wicker basket base units are ideal for larder-style storage.

## CHUNKY PILASTER

Adding decorative features like pilasters works beautifully with the traditional aspects of an English Rose Kitchen. A variety of designs are available to allow you total control over the look, feel and personality of your kitchen.

## TRAY UNIT

A functional and attractive accessory available for Country framed kitchens, the unit houses two removable oak trays.

## GLAZED UNIT

Make a feature of your wall units with a glazed front. Choose from a range of aluminium frames and glazing designs, with options to complement both traditional and more contemporary kitchens.

EVERYTHING IN  
ITS PERFECT PLACE.  
EVERYTHING  
WITHIN REACH.  
EASY TO USE  
AND ENJOY.

The fittings inside the kitchen units have a lot to say about whether you're going to enjoy cooking or not. If you have fast, direct and easy access to all the contents of all the kitchen units, then kitchen work becomes smooth, efficient and far more enjoyable.

This is ultra-important for corner units, which offer a lot of space but are often very difficult to access. One brilliant solution to this problem is the LeMans swing-out corner unit fitting from Kesseböhmer. A light touch swings the LeMans trays out of the corner individually, until they come to a stop with the contents right out in front of the unit. You can check the whole contents at a glance and easily reach any item you want.

**LE MANS PULL-OUT CORNER STORAGE**

You'll certainly enjoy the aesthetic qualities of the LeMans fitting and the elegant movement sequence. The fluid sequence of movements is precisely defined and controlled by the fitting technology. It combines two types of movement – turning and swinging. The trays glide right out of the unit and back again in a series of supremely light and easy movements. The shape of the trays have been optimised to blend light and easy movements with a maximum amount of storage area. The flowing, asymmetrical curves make people think of the well-known race track in France – hence the name.

Easily loaded from the top, LeMans is the only corner cabinet solution to combine an extremely high degree of space utilisation with perfect overview, with the shelves swinging completely out of the cabinet. Not only will all pots and pans find their place – but every one of them can be reached easily.

Each LeMans shelf can be moved independently from each other enabling easy access, and can take a load bearing of up to 20kg.

Experience the design every time you reach for a pot or pan. The LeMans design was awarded the Red Dot Design Award for outstanding design achievements.

reddot design award

ENGLISH ROSE KITCHENS  
INCLUDE GREAT DESIGN IDEAS,  
NOT JUST ON THE OUTSIDE  
BUT ON THE INSIDE TOO.

Kesseböhmer storage solutions provide stylish, practical and functional solutions meaning better organised and easier to access storage space.

In addition to brilliant functionality, Kesseböhmer storage solutions stand for exclusive design and a high quality finish. Internal cabinet space is used more efficiently than conventional systems, helping you get the most out of your English Rose Kitchen. Kesseböhmer stands for unparalleled user comfort and for a level of quality that sets standards worldwide.

- 'Softstop' soft-close action is available on pull-out base units and larder units, incorporating Kesseböhmer storage solutions.
- Solid bottom shelves available.
- Greater load-bearing capacity than conventional systems.
- Greater level of usable space due to square edges on baskets.
- Unique LeMans corner storage solution – Red Dot Design Winner – providing full access to corner unit storage.

- CABINET FEATURES & OPTIONS**
- A. Base and wall unit fixing brackets are concealed with nickel cover caps
  - B. Drawer dampers cushion the closing action providing a softer, quieter operation
  - C. 150mm adjustable legs (height 140-180)
  - D. All metal adjustable hinges with simple clip-off system
  - E. Solid backs in base units are 15mm and 8mm in wall/tall units
  - F. Metal shelf supports

# GRASS® NOVA PRO THE COMPLETE DRAWER SYSTEM WITH PRECISION AND INDIVIDUALITY

A quality kitchen needs to have quality built-in. English Rose Kitchens feature the Nova Pro drawer system from Grass®, one of the world's leading suppliers of quality drawer systems. A complete range of drawer systems are available – designed to provide functional storage solutions, combined with a smooth, soft-closing action and other practical benefits.

## FEATURES & BENEFITS

- Grass Nova Pro drawers feature fully synchronised drawer runners requiring a very low opening force and providing an ultra smooth action. The drawer runners also incorporate a soft closing system providing reliable cushioning.
- Full-extension drawer runners allowing full access.
- 40kg load-bearing capacity as standard (more than conventional systems).
- Twin-walled, metal-sided drawerbox with straight internal sides to provide more storage space and better compatability with accessories such as cutlery trays.
- Easy cleaning! The flat internal sides and tool-free removable drawer front assists with cleaning and hygiene.
- Nova Pro drawerboxes can be removed and replaced in one easy movement – no tools, no hassle.
- Solid 16mm bottom and back panels to provide rigidity, stability and reliability.

Easy to clean

Easy to remove

A range of solid oak dovetailed drawer boxes are also available as an upgrade. A range of functional accessories to suit both metal and oak drawers are available. Please see page 146 for details.

# A PLACE FOR EVERYTHING

English Rose Kitchens are as practical as they are beautiful and a range of functional accessories are available, especially designed to allow you to customise your kitchen to your exact needs.

## CUTLERY TRAYS

A wide range of cutlery trays and utensil dividers are available in either a silver effect or luxurious solid oak. Combinations of trays and dividers are used depending on the width of the drawer and your English Rose retailer will be able to advise you on the possible combinations.

## PAN DRAWER ACCESSORIES

Plates and crockery can be held securely in place with oak inserts. Removable storage boxes in oak can also be an effective way of storing kitchen sundries.

## LINERO MOSAIQ MIDWAY SYSTEM

This stylish and functional midway rail system is supplied in one handy pack and features two 600mm rails, shelf, pot (with quiver), two utensil hooks and kitchen roll holder ensuring useful items are always to hand.

## RECYCLING WASTE BINS

To assist you with being environmentally friendly, we have a selection of recycling bins available, allowing you to easily and safely separate and dispose of unwanted kitchen waste.

Swing-out combi waste bin

Swing-out rectangular waste bin

Pull-out combi waste bin

Swing-out cylinder waste bin

Pull-out removable bins

## PRACTICAL SOLUTIONS

Storage should be both stylish and practical. Traditional wicker baskets not only look good, they are a great place to keep fruit and vegetables. Look inside our units and you'll find we really have thought of everything.

Here are a few hidden secrets but visit your English Rose retailer to see more clever ideas that will make your kitchen function beautifully.

Wicker storage baskets

Base unit with drip tray protector

Pop-up socket with 2 USB charge points

ENGLISH ROSE SINKS & TAPS BY  
**SCHOCK**

This range of sinks and taps have been specifically developed with Schock, providing a comprehensive and stylish offer.

Schock is the world's leading supplier of granite sinks and the Neptune range is made from their outstanding material, CRISTALITE®.

Schock sinks are easy to clean, safe for use with food and are finished with Schock Antibac. The special hygiene protection uses natural silver ions to reduce bacterial growth by up to 95% and make working in the kitchen cleaner and safer. The range of stainless steel sinks from Schock are made from 18/10 grade stainless steel – the highest grade available – ensuring your sink is highly resistant to staining, rusting and corrosion.

# DUROPAL QUADRA WORKTOPS

So, you have chosen your English Rose Kitchen, now you need to select the right worktop to finish your design. To help you, we have chosen a comprehensive range of colours to complement the English Rose range from the Duropal Quadra Worktop collection.

Duropal are a leading supplier of quality laminate worktops throughout Europe, and the Quadra range of worktops are an ideal alternative to solid surface, granite or timber worktops. The Quadra profile is designed to provide the appearance of solid surface worktops and the unique 'seal groove' ensures a lifetime of protection against moisture and steam.

 These high quality, fashionable and durable worktops are resistant to: sunlight, scratching, abrasion, stains (such as coffee, tea, red wine, ink), fruit juice spills, steam and cigarette burns, and have achieved the FIRA Gold Award for product excellence.

To view displays of Duropal worktops, please visit your local English Rose retailer.

## CURVED WORKTOPS

A range of Duropal worktops have been designed specifically to suit our curved base end and curved corner units perfectly. These worktops have a totally flat-faced profile and are a practical and cost effective solution to solid surfaces and granite worktops. Curved worktops are available in both 40mm and 60mm thicknesses in all the colours.

### GABLE ENDS

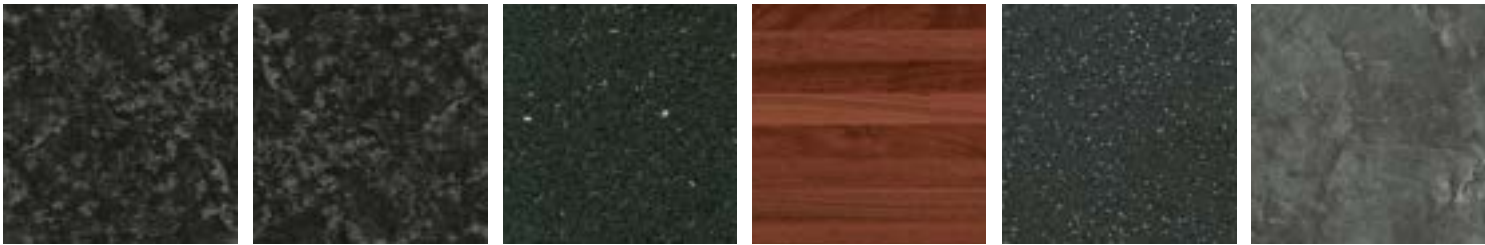

Available in all colours, in 40mm and 60mm thicknesses (where available), gable ends are an ideal way to create a peninsular island unit effect, or can be used as a stylish way to end a run of base units.

### LAMINATED BACKBOARDS & UPSTANDS

Available in all colours, splashbacks and upstands are an ideal alternative to tiling, protecting walls from splashes behind hobs and sinks.

# FREQUENTLY ASKED QUESTIONS

We understand the questions that are asked most about English Rose Kitchens. However, if you have a question that isn't covered here, please contact your approved English Rose retailer who will be able to answer your queries.

## Where can I see displays of English Rose Kitchens?

Your local English Rose retailer will have a selection of displays and a full set of sample doors available for you to view. We strongly recommend that you view a display or sample door prior to purchasing your English Rose Kitchen.

## Can I buy direct from English Rose?

Omega PLC are the manufacturers of English Rose Kitchens and only sell via specialist retailers who will use their extensive knowledge and expert design skills to produce the kitchen of your dreams.

## What happens if I pay a deposit to a retailer for an English Rose Kitchen who then ceases trading before my kitchen is delivered?

In the unlikely event of this happening we run a Deposit Guarantee Scheme. This ensures that we will still supply your English Rose Kitchen Furniture at the current manufacturer's recommended retail price list, less the deposit paid on furniture, provided that the amount paid to the retailer does not exceed 50% of the manufacturer's recommended retail price.

## Do you charge for delivery?

No. We provide FREE\* delivery, direct to your home and our two-man delivery teams will ensure your new kitchen is delivered with care and professionalism.

\* minimum order value applies.

## Do your kitchens carry a guarantee?

Yes, all English Rose Kitchens are supplied with a 10 YEAR GUARANTEE, providing you with complete peace of mind when purchasing your kitchen. English Rose Kitchens guarantees that for a period of ten years from the date of purchase that the kitchen cabinets and fascias ("the products") manufactured by Omega PLC are free from defects in material and workmanship. English Rose Kitchens will supply replacement products for products that do not comply with this guarantee free of charge or, at our discretion, repair such products free of charge subject to terms and conditions.

## How long will it take for me to receive my English Rose Kitchen?

Once the retailer has placed the order with us, your English Rose Kitchen will be delivered within 6-11 days. However, In-Frame Ivory and Country Lissa Oak and Walnut are available within 2-3 weeks and all Painted kitchens are available within 3-4 weeks.

# PROUDLY MADE IN BRITAIN

Omega PLC is proud to manufacture English Rose Kitchens in Britain at our state-of-the-art factory facility. We source components from the UK and around the world, to ensure we only use the highest quality materials, which are then combined to produce outstanding kitchens, backed up by unrivalled customer service.

## KITCHEN CHARACTERISTICS

Wood is a natural material with an endless variety of textures and grains. Variations evident on installation should diminish over a period of time to create a pleasant uniformity. As our policy is one of continuous improvement, we reserve the right to amend designs and specifications without prior notice. Where real wood veneers are used on external surfaces, we are unable to guarantee an exact match due to natural variations in colour and grain.

The colours in this brochure are as accurate as the printing process will allow, and we recommend that you view a display or sample door at one of our approved retailers prior to purchase. Errors and omissions excepted.
